OUR STORY

RivSteel's journey began in 2006, when local entrepreneur Luke Maloney founded the company as a trailer dealership and shed supplier. With a passion for delivering exceptional customer service, Luke built the business from the ground up, establishing a reputation for reliability and trust within the community.

In 2021, local husband and wife team, Anthony & Telea Jarrett, acquired RivSteel. With a background in rural products and manufacturing, Anthony recognised the potential for growth and innovation. He set out to develop a range of trailers that would be built locally in the small Riverina town of Coolamon. This marked the beginning of the RivSteel Built Range, a line of high-quality trailers designed to withstand the demands of Australian conditions.

Over the past six years, Anthony has dedicated himself to perfecting the design and manufacturing process, ensuring that every RivSteel Built trailer meets the highest standards of quality and durability. Today, we're proud to continue building on that vision. While we continue to stock well-known brands that our customers trust, our premier, Australian RivSteel Built Range has become the cornerstone of our business. Through continuous innovation and a commitment to refining our designs, we're constantly improving the RivSteel Built Range to ensure our trailers continue to meet the evolving needs of our customers.

Our Wagga Wagga showroom has also continued to expand and now stocks a huge range of trailer parts and accessories, making RivSteel a one-stop shop for everything trailers.

At RivSteel, we're committed to supporting our local community and employing local talent. We believe in buying from local suppliers whenever possible, as we recognise the importance of investing in the local economy. Our values are built on a foundation of community, quality, and customer satisfaction.

We're now proud to have 16 distributors of our trailers across Australia. As a family-owned and operated business, raising four young children while growing RivSteel has only strengthened our commitment to building a business our family, our staff, and our customers can be proud of. As we continue to grow, our commitment remains the same—to deliver high-quality trailers, exceptional customer service, and lasting value for every customer.

TRAILER PARTS & ACCESSORIES

At RivSteel, we're proud to announce that we now stock an extensive range of high quality trailer parts and accessories-everything you need to keep your trailer performing at its best.

Whether you're upgrading, repairing or maintaining, we have you covered with an extensive selection including axles, brakes, hubs, couplings, lights, electrical kits, hardware, jockey wheels, tool boxes, batteries, tyres and so much more.

Not sure which part you need? Our knowledgeable team is here to help. We'll guide you through the product choices and provide recommendations to suit your needs.

MORE THAN JUST TRAILERS

"From essential replacement parts to complete upgrades, we have everything you need to keep your trailer working as hard as you do."

A COMPLETE RANGE TO KEEP YOU MOVING

WHY CHOOSE RIVSTEEL?

- ✓ Extensive range of quality parts
- ✓ Expert advice from experienced staff
- ✓ Competitive pricing
- ✓ Trusted brands
- ✓ Local support and service

COLOUR RANGE

**RIVSTEEL
GREY**

All trailers in our premium RivSteel Built Range feature a high quality, two pack paint finish.

Our standard and most popular colour is RivSteel Grey, which has been rigorously tested for its practicality and ease of cleaning.

If you're after something a little different, choose from our selection of 14 additional colours. We can also work with our paint supplier to match your business colours for a custom finish.

Please be advised that additional fee's apply to any colour other than our standard RivSteel Grey. Contact our office for further information.

**HEMI
ORANGE**

**YOGI
PINK**

**CLARET
RED**

**CAT
YELLOW**

**GRAPHITE
GREY**

**METALIC
BLACK**

Actual product colour may differ from images displayed, we recommend contacting our staff for colour range details and to confirm your preferred shade.

- Upgrade to 6 stud 265/75 R16 with mags

NEW THREE-WAY TAILGATE -

Our recommended upgrade for box tipper trailers.

The new Three-Way Tailgate design enables you to unload without removing the tailgate—simply release the two lower spring latches before tipping. No more heavy lifting, struggling to refit the tailgate, or forgetting to reinstall it. Plus, it can still be used as a drop-down tailgate or removed completely whenever needed.

RIVSTEEL BUILT LAWN MOWER TRAILERS

Trailer	GVM	Popular sizes	Brakes	Suspension	Side height	Tyres

RIVSTEEL BUILT STOCK CRATES & TRAILERS

Every RivSteel Built Stock Crate is custom built in our Trailer factory located in the Riverina.

With both w-strap and aluminium styles available, our experienced sales staff and fabricators will work with the customer to design a crate to suit your specific needs.

Our crates can be built to fit flat tops, hydraulic tippers, plant trailers, box trailers, car carriers and more. With the added benefit of the crates being fully removable, ensuring that your trailer remains versatile, maximising its value and utility.

RIVSTEEL BUILT CUSTOM TRAILERS

We Specialise in Custom Trailers!

At RivSteel, we take pride in designing and building trailers that are tailored specifically to your needs. Whether you require a trailer for commercial, agricultural, industrial, or recreational use, our experienced team will work closely with you to create a solution that delivers strength, reliability, and long-lasting performance.

Every trailer is crafted with precision and can be customised in size, layout, features, and functionality to ensure it meets the requirements of your job. From heavy-duty builds to specialised configurations, we offer trailer options up to 4.5T GVM, giving you the capacity and confidence to get the job done safely and efficiently.

If you have an idea in mind—or need guidance on the best setup for your application—our team is here to help.

Contact us today for more information or to start designing your custom trailer!

IC BUDGET RANGE AVAILABLE AT RIVSTEEL

We understand that every customer has different requirements and budgets. That's why we proudly offer our IC Range – a quality selection of trailers designed to provide a reliable and affordable solution without compromising on performance.

The IC Range consists of carefully selected trailers sourced from well-known and trusted manufacturers throughout Australia and around the world. Available in both hot-dipped galvanised and hammertone paint finishes, these trailers are built to withstand tough Australian conditions while delivering exceptional value for money.

Our range includes single-axle trailers, tandem-axle trailers, box trailers, tipper trailers, flat-top trailers, hydraulic tippers, tradesman trailers and much more. Whether you're a homeowner, tradesperson, farmer or business owner, we have a trailer to suit your needs. By offering both our premium RivSteel Built range and the more affordable IC Range, we're able to provide options for every application and every budget. No matter what you're looking for, our experienced team is here to help you find the right trailer at the right price.

ALCOM

PARTNERING WITH THE BEST:

As America's number one trailer manufacturer, Alcom brings over 20 years of expertise to the industry.

With an impressive portfolio of over 11 brands, they have established a range of innovative, aluminium trailers that have revolutionised the trailer industry.

In 2022 RivSteel began working with Alcom and have since become Australia's authorised distributor. The Alcom range has been an exciting addition to our existing product lineup and we are proud to offer these exceptional American trailers to the Australian market.
